## LIBRARY TRUSTEES REPORT

---

In 1965 many hours were spent by the Trustees in writing a Book Selection Policy. This policy will serve as the guide in continuing to build an interesting and useful town Library.

The librarian and a trustee regularly attended the Scheiling Cooperative Book Buying Meetings at the various libraries. This Group finished spending its grant in April of 1965, but group meetings are still held for book-buying purposes.

Mrs. Robert Fraser, librarian, completed the summer school sessions held at the University of New Hampshire and received her certificate for 187 hours of instruction.

The Library is continuing to work closely with the teachers of the Barnard School, supplying special classroom collections of books as well as scheduling school library hours. For the first half of 1965 Mrs. James Miller and Mrs. Horace Cressy assisted the librarian on Wednesday afternoons when the school children came in. The latter half of the year we have had the help of Miss Susan Ross.

The South Hampton PTA has again this year donated \$40.00 to the Library. This money will be used to buy books to supplement the school curriculum.

Mrs. Donald Miller, trustee, is a delegate to the newly established Advisory Council of the New Hampshire Library Development Project, and served on the Nominating Committee and the Committee on the Statewide Library Card.

During National Library Week, the New Hampshire Library Association sponsored a contest to select New

Hampshire's model library families of the year. We are proud of the fact that the Walter Ross family, sponsored by the South Hampton Friends of the Library, were selected as one of the three winners. As the prize, books were given to both the Ross family and your Library.

The trustees are again indebted to our Friends of the Library. During their four years of existence they have purchased for the Library a typewriter, two desk chairs, book ends, paint for the stairwell, a magazine rack, a card file and many books. Their continuing interest and support is gratefully appreciated.

The trustees wish to thank everyone who contributed to the successful operation of your Library this year. We especially wish to thank the following who gave books and money: Mrs. David Bailey, Miss Mabel Boutwell, Mrs. William Crosby, Mr. and Mrs. Charles Dennett, Miss Ruth Evans, Mrs. Lester Gibson, Mrs. Katherine Imbrescia, Mrs. Henry Johansson, Mrs. Thomas Littlefield, Mr. A. Terry Marinos, Mrs. David Michaud, Mrs. Donald Miller, Mrs. Richard Miller, New Hampshire Library Association, Mrs. William Reiley, Mrs. Paul Rice, South Hampton PTA, Mrs. William Stimson, Mr. James Thorne, Mr. and Mrs. Joseph Torlucci.

Respectfully submitted,

Natalie E. Blinn

## REPORT OF FIRE CHIEF

---

We had 10 fires which we called Amesbury 8 times, total loss \$1,000.00.

We also had 6 grass fires, gave permits for 10 oil burners, gave 15 burning permits.

Albert E. Gray, Fire Chief

## REPORT OF THE FOREST FIRE WARDEN AND DISTRICT CHIEF

---

Most of us who live in New Hampshire and the thousands of vacationists that visit us every year love the State for the variegated woodlands that encircle our clean lakes and clothe the hills and mountains. Most of us appreciate these values, but still there were enough careless people among us to cause over 880 grass and woodland fires to start in 1965. True this was a much dryer than normal year but this should have meant the use of extra care. Fortunately the fire fighting forces have held the line against such careless acts. It is up to each one of us to be ever mindful that a spark or flame is a potential fire.

### WE MUST ALL BE CAREFUL:

1. To teach our children the danger in lighting matches.
2. To never discard lighted smoking material from a car or while walking through fields or woods.
3. To safely dispose of rubbish preferably at the town dump. If you must burn rubbish or brush:
  - a. Always get a permit to burn from the warden.

- b. Start your fire late in the day after 5 p.m.
- c. If burning a field or brush have equipment and adequate help on hand. The heat from your fire creates its own draft to spread fire.

Our carelessness with fire is costing our State and Towns thousands of wasted dollars in suppression and hundreds of acres of destroyed woodlands. Yours never to enjoy.

At this time I would like to thank all persons who worked along with the Department in this past year. I would like to especially thank Lloyd Currier for installing and maintaining the radio at no charge to the town. The radio has proved itself most helpful in many instances. I would like to see the town own another one in the future. We have added a few new items of equipment to the Department. Each car has a 2- $\frac{3}{4}$  lb. Dry Powder Fire Extinguisher which in an accident might possible put out or avert a larger fire. After a lot of careful study and trials a pair of Walkie Talkies have been purchased and put to use. They seem to be working out fine. Each officer has a new type reflector shoulder straps and a few new items that were needed. All Town Equipment, Radio Lites etc. is now covered by a Floater Type Insurance (Fire and Theft) on whichever car they are located. This past year we have had our share of accidents. We have answered well over 150 calls. We have given free service to Town Activities and the local Bal' Club. We have tried to serve you courteously and to the best of our ability.

Thank You,  
The Police Dept.

## School Warrant For 1966

---

### THE STATE OF NEW HAMPSHIRE

To the Inhabitants of the School District in the Town of South Hampton in the County of Rockingham, State of New Hampshire, qualified to vote upon District Affairs:

You are hereby notified to meet at the Town Hall in said South Hampton on Wednesday, March 16, 1966, at Three O'Clock in the afternoon, and to cast ballots from that hour until at least Eight O'Clock in the evening of said day for candidates for the following district offices:

1. Moderator for the ensuing year.
2. Clerk for the ensuing year.
3. Member of the School Board for the ensuing three years.
4. Treasurer for the ensuing year.
5. Auditors for the ensuing year.

You are also notified to meet at the same place at Eight O'Clock in the evening of the same day to act upon the following subjects:

6. To see what action the District will take relative to the reports of Agents, Auditors, Committees, or Officers chosen.

7. To see if the District will vote to rescind any previous limitation on the district's liability for tuition payments and accept formally by district vote the provisions of RSA 194:27 which does, in effect, limit the tuition liability to the State average cost per pupil for

the previous year or the current per pupil cost of the receiving district as estimated by the State Board of Education for the preceding year, whichever is less.

Note: A two per cent rental fee can be added based on the cost of school facilities subject to approval by the State Board.

8. To see if the District will vote to authorize the School Board to make such secondary transportation arrangements as are necessary or desirable providing the expenditure does not exceed \$80.00 per pupil and further to see what amount the District will raise and appropriate for this purpose.

Note: If this article is approved by voters it will give the School Board sufficient authority to: (1) enter into an agreement with a private transportation contractor, (2) arrange, if possible, to have some of South Hampton's students transported on Amesbury buses with the District meeting its fair share of the cost, or (3) make reimbursements to parents or guardians who have at their own expense provided secondary school transportation not otherwise provided by the District, which transportation must comply with the rules, regulations and safety requirements of the Department of Safety, the Division of Motor Vehicles, the State of New Hampshire

9. To see if the District will vote to establish a Contingency Fund in accordance with the Revised Statutes Annotated 198:4-b, such contingency fund to meet the cost of anticipated expenses that may arise during the year, and further to see if the District will appropriate the sum of \$500.00 for this purpose.

Note: During the past Legislative session a law was passed allowing school districts to budget for a contingency fund not to exceed one per cent of the

amount appropriated for school purposes, exclusive of capital expenditures and amortization of debt, during the preceding year. This Act allows money to be raised from taxes. However, the School Board proposes to continue to budget a contingency as income as well as expenditure; or, in other words, no money may be spent unless some is received from a source over and above the district assessment. The School Board feels that the contingency should be provided so that any additional monies received, within the maximum set limits, could be spent by the School Board. Since budgets are being planned 18 months in advance this article allows the School Board to accept and expend monies that were unforeseen during budget preparation such as a grant from a trust fund.

10. To see if the District will vote to accept a gift from Albert E. Gray of a certain parcel of land without buildings situate in South Hampton, County of Rockingham, State of New Hampshire, on the Southwesterly side of Main Street, so-called, otherwise known as Route 107-A, leading between Kingston, New Hampshire, and Amesbury, Massachusetts, bounded and described as follows: Beginning at an iron pipe on the Southwesterly side of said highway and at the North-erly corner of land conveyed by said Albert E. Gray to Leroy F. and Ethel A. Lane, and running Southwesterly along said Lane land 300 feet, more or less, (the Northwesterly boundary in the deed to said Lane lot reads 290 feet); thence turning and running Southeasterly along said Lane land and along land conveyed by Albert E. Gray to Carlisle I. and Carol E. Mosley 258 feet to the Southerly corner of said Mosley land at land formerly of Thomas Harrington, now said to be of Bernard Stebbins (the intersection of the last line with said Stebbins land is indicated by a nut tree

394 feet, more or less, but not less than 378 feet according to said deed from Gray to Mosley from said Route No. 107-A); thence turning and running Southwesterly along said Stebbins 950 feet, more or less, to an iron pipe located approximately 150 feet from the Southerly boundary of land acquired by said Albert E. Gray by the two French deeds hereinafter mentioned; thence turning and running Northwesterly along said other land of Albert E. Gray 235 feet, more or less, to an iron pipe at or near a logging road; thence turning and running Northeasterly still along said Gray land 915 feet, more or less, to an iron pipe located approximately 293 feet from the Westerly corner of land of Leroy F. and Ethel A. Lane measured on a northwesterly extension of the Southwesterly boundary lines of said Lane and Mosley lands; thence turning at a slight angle to the right and continuing Northeasterly along said Gray land slightly Southerly of a water hole 243 feet, more or less, to an iron pipe on the Southwesterly side of said Route 107-A; thence turning and running Southeasterly along said highway 329 feet, more or less, to the iron pipe at the point of beginning.

Being a portion of the premises conveyed to this grantor by two deeds: The first from Edward D. French, Administrator of the Estate of Arthur M. French, and the second from Edward D. French, individually, both deeds being dated April 7, 1961, and recorded in Rockingham County Registry of Deeds Book 1580, Page 228, and Book 1580, Page 229, respectively.

Note: This article makes it possible to formally accept land the title to which has already been transferred by Warranty Deed dated June 9, 1965.

11. To see if the District will raise and appropriate the sum of \$2,000.00 to be placed in the capital re-

serve fund created at the March 1965 meeting for the purpose of "constructing, reconstructing, and equipping a public school or acquisition of a building to be used as a public school by the District or the acquisition of land for the District."

12. On petition of Bernard Stebbins and others, to see if the town will vote to select one local High School and to have our school board arrange a contract with the selected school. Furthermore, the school board will arrange transportation to the selected school. The following High Schools are suggested: Amesbury, Winnacunnet, Newton and Kingston Co-operative.

13. On petition of Mrs. Ralph Sargent and others, to see if the school district will vote to elect its district officers at the annual town meeting in accordance with Chapter 197:1-a R. S. A. relating to public schools — 1955 codification.

14. To see what sum of money the District will raise and appropriate for the support of schools, for the salaries of School District officials and agents, and for the payment of statutory obligations of the District.

15. To transact any other business that may legally come before said meeting.

Given under our hands at said South Hampton this 16th day of February, 1966.

*SUPERINTENDENT'S REPORT*

---

I welcome this opportunity to discuss selected topics which may be of particular interest to voters this year, namely: secondary school tuition and transportation; Public Law 89-10, Elementary and Secondary Act of 1965; and the misuse of achievement test data.

*Secondary Tuition*

In other years the voters of South Hampton have seen fit to set the maximum district liability for secondary tuition at the same annual rate as that charged by Amesbury High School. Such a practice was probably based on the premise that South Hampton could and would contract with Amesbury for secondary school services and in effect Amesbury High School was "deemed a high school maintained by the district." 1. (South Hampton)

In recent years no formal contract has existed between South Hampton School District and Amesbury High School. In fact students have been permitted to attend an approved public high school of their choice with the understanding that the District would be liable for tuition up to the amount charged by Amesbury High School. Such a practice conflicts with RSA 194:27 which sets the limit as the "... state average cost per pupil of the current expenses of operation of all public high schools, as estimated by the state board of education for the preceding school year, or the current expenses of operation of the receiving district for its high school, as estimated by the state board of education for the preceding school year, whichever is less." The law further provided that "to the above

1. \* Revised Statutes Annotated (1955 Codification) Chapter 194

(rate) may be added a rental charge of two per cent of the capital cost of such secondary school facilities as may be defined by the state board of education." 1.

At this point it should be noted that when the Amesbury rate exceeds the New Hampshire "state average per pupil cost \* 1" there seems to be no legal problem if the District sets the limit equal to the Amesbury rate. However, this year the rate was set at the Amesbury rate of \$450.00 and the tuition liability fixed by statute was \$489.00 plus a varying amount authorized by statute as a 2 percent rental fee. Accordingly the South Hampton's tuition liability for a resident student attending Winnacunnet High School for 1965 - 1966 school year is \$524.00 and the school board has complied with the statutes acting as agents of the District.

I have no meaningful way to estimate how the Amesbury rate will compare with the "state average" in future years but it is apparent that the District will pay at the "state average" for those students who are permitted to attend approved public schools of their choice. Possibly Amesbury's rate may exceed the "state average" in which case it would not require an additional outlay on the part of the District for students who are permitted to attend other schools.

This topic seems to defy simplification. I will be pleased to answer such questions as I can at the coming District Meeting.

### *SECONDARY TRANSPORTATION*

This topic is not involved, as the previous one was, with the requirements of law. However, a plan has been transporter, to another school district providing school proposed which provides for an annual allowance not to

exceed \$80.00 per pupil, payable either directly to a transportation to South Hampton's secondary students, or to parents or guardians of resident students as a reimbursement for out-of-pocket expenditures for school transportation.

If this plan is supported by the voters the Board will attempt to negotiate with the Amesbury School Committee for transportation services and it is expected that such an arrangement would be less expensive than the present contract because the full capacity of the vehicle would be shared with secondary students from Amesbury.

I greatly appreciate the many kindnesses shown me by school personnel, school officials and citizens.

Respectfully submitted,

JASON E. BOYNTON
